

Gun Project 4—.177 Cal Gatling Gun on Tripod/Michael Gegere

This pneumatic gun fires .177 B-B's. Powered by compressed air at 85 to 130 PSI, it fires 800 to 1000 rounds per minute. The gravity-fed drum magazine holds about 3000 rounds. At 125 PSI it has an effective range of 100 feet where it is capable of holding a very tight grouping.
